## 6. TARIFF OF UNITED STATES CONSULAR FEES

[Executive Order No. 5110 of May 13, 1929]

The following Tariff of United States Consular Fees is prescribed by the President under the authority of section 1745, Revised Statutes, as amended by the Acts of April 5, 1906, c. 13, sections 7, 8 and 9, 34 Stat. 101, and June 4, 1920, c. 223, sections 1 and 2, 41 Stat. 750, to be charged by consular officers for official services. All charges for such services must be in strict accordance with this tariff, and be collected in the coin of the United States or at its representative value in exchange. No fee or compensation will be collected for any service not covered by this tariff.

The fees in this tariff are not prescribed for American vessels and seamen, because they are exempted by law from the payment of consular fees. Consular agents will make the fees in this tariff a basis of collection from the Treasury for services to such vessels. Foreign-built vessels unregistered, owned by American citizens, and vessels documented under the laws of the Philippine Islands are not exempt from the payment of the fees prescribed herein.

Services, except those for which fees are fixed in items 8, 9 and 10, under this tariff shall be rendered free of charge when performed: (a) in connection with the settlement of the estate of any employee of the United States dying abroad while on official duty; (b) for the use of any person in the collection of claims from the United States or from any State for compensation, pensions, backpay, bounty, bonus, property loss in the service of the United States; (c) for obtaining the return of property held by the Alien Property Custodian; and (d) for the official use of the United States Veterans' Bureau.

Consular officers must require all fees to be paid in advance and before the stamps are canceled, except in case of attendance out of office or of commissions, when the amount can not be determined until the service is performed. Advance deposits to cover fees in such latter cases may be accepted but in no other.

This tariff is effective July 1, 1929, and should be posted in a conspicuous place in consular offices as required by section 1731, Revised Statutes.

## MIXED TRIBUNALS OF EGYPT

In 1876, as the result of negotiations between the Ottoman and Egyptian Governments and the various Christian powers represented at Cairo, courts were created in Egypt having sole jurisdiction in the trial of civil and commercial causes arising between natives and foreigners or between foreigners of different nationality, in all questions of real estate, and in suits of foreigners against the Egyptian Government or members of the Khedival (now Royal) family. These mixed tribunals, in matters within their exclusive jurisdiction, are taking the place of the consular courts which continue to exercise general criminal jurisdiction over their nationals, to decide matters involving the civil status of their nationals, and to adjudicate civil and commercial suits to which their nationals exclusively are parties. There are three tribunals of original jurisdiction (first instance), one each at Cairo, Alexandria, and Mansura, and a court of appeals at Alexandria. The judiciary is made up of foreign and Egyptian judges, at present 65 in number, 16 of whom serve on the bench of the court of appeals. Judgments in the lower courts are rendered by three judges, of whom two are foreigners, in the court of appeals by five judges, of whom three are foreigners. The foreign judges are appointed by the King of Egypt on the recommendation of their respective governments. The United States is represented in these courts by the following judges:

## 17. REGULATIONS CONCERNING PRECEDENCE OF DIPLOMATIC AGENTS

The rules on this subject which have been prescribed by the Department are the same as those contained in the seven rules of the Congress of Vienna, found in the protocol of the session of March 9, 1815, and in the supplementary or eighth rule of the Congress of Aix la Chapelle of November 21, 1818. They are as follows:

ARTICLE 1. Diplomatic agents are divided into three classes: That of ambassadors, legates, or nuncios; that of envoys, ministers, or other persons accredited to sovereigns; that of *chargés d'affaires* accredited to ministers for foreign affairs.

ART. 2. Ambassadors, legates, or nuncios only have the representative character.

ART. 3. Diplomatic agents on an extraordinary mission have not, on that account, any superiority of rank.

ART. 4. Diplomatic agents shall take precedence in their respective classes according to the date of the official notification of their arrival. The present regulation shall not cause any innovation with regard to the representative of the Pope.

ART. 8. . . . It is agreed that ministers resident accredited to them shall form, with respect to their precedence, an intermediate class between ministers of the second class and *chargés d'affaires*.

## 18. ORGANIZATION OF THE FOREIGN SERVICE

### FOREIGN RELATIONS AND THE DUTIES OF FOREIGN SERVICE OFFICERS

The President is charged, under the Constitution, with the responsibility of conducting the foreign relations of the United States.

The Secretary of State is his adviser in such matters and acts as the agent through whom he issues his instructions to the Foreign Service which forms the field force through which the necessary contacts with foreign governments are established and maintained.

A nation's foreign relations grow out of the whole range of transactions entered upon by its citizens with the nationals and governments of other countries.

As these transactions engender controversies, there arises from time to time the need for the making of treaties or international agreements, understandings, and arbitrations. These agreements and understandings constitute the body of international law or the international charters under which the peoples of the several countries conduct their intercourse.

### THE FOREIGN SERVICE

The Foreign Service of the United States is the expert service established by law to assist American citizens who have occasion to travel or to do business abroad to understand what their rights are while abroad and to protect them in the exercise of those rights.

The Foreign Service also performs the very important function of collecting and transmitting for the use of the Secretary of State information bearing upon conditions abroad in the countries where American citizens travel and trade. This information must not only be currently accurate and complete, but with it must be supplied dependable forecasts of the probable course of events.

The Foreign Service of the United States consists of a number of officers classified by salary grades, and performing the varied duties that are required of such officers whether serving as vice consuls or as ambassadors or ministers. Some conception of the range of these duties may be obtained from the following outline:

The efficient Foreign Service officer—

- Collects and properly accounts for fees for services rendered under law.
- Disburses funds received from the Treasury of the United States for salaries, wages, and contingent expenses; makes up required returns and accounts; and remits surplus funds to Treasury.

From this body of officers the men are chosen to perform the tasks that the Government of the United States requires to be done abroad. At the commencement of their careers all are assigned to the several consulates as vice consuls. As these officers make reputations for themselves in the service they are assigned to posts where their services are most needed, whether at consulates or at diplomatic posts.

The work of the Foreign Service falls into three principal categories: political, economic-financial, and administrative. In general, political work and economic-financial work involving dealings with the central government are handled by diplomatic missions; consulates, on the other hand, deal with local authorities and their work, which tends to be administrative in character, includes trade and economic investigations. At many consulates, however, there is political work of importance.

Entrance into the service is by a threefold examination: written, oral, and physical. Examination is open to anyone between the ages of 21 and 35 designated therefor by the President. The successful candidates make up the eligible list from which appointments into the Foreign Service are made.

The entire commissioned personnel of the Foreign Service is entered upon a list which is periodically reclassified in order of ascertained efficiency. Officers are promoted from salary grade to salary grade as vacancies occur and in the order in which their names appear at any given time on the classified list.

#### LANGUAGE STUDENTS

Selection will be made annually of a few officers from among new appointees in the Foreign Service who have shown special aptitude for acquiring languages, and who possess the other necessary qualifications, for assignment to study the languages of China, Japan, the Near East, Eastern Europe, and North Africa, where, in addition to learning and performing the usual diplomatic and consular duties, they will be expected to acquire familiarity with the language of the country and with the laws, customs, history, and race psychology of the people, with a view to serving for the most part in the area of their assignment. Officers selected for these assignments may receive, in addition to their salaries, an allowance for language tuition, and may be provided with quarters. This is one of the most attractive fields of activity in the entire Foreign Service and offers unusual opportunities for rendering distinguished service to the Government and for advancement in the service.

#### INFORMATION REGARDING FOREIGN SERVICE EXAMINATIONS

Under the present regulations the written portion of the examination is held at the offices of the civil service district secretaries in Atlanta, Boston, Chicago, Cincinnati, Denver, New Orleans, New York, Philadelphia, St. Louis, St. Paul, San Francisco, Seattle, and Washington. The grades made by the candidates in the written tests are communicated to them in due time, and they are informed of the date on which they may, if they so desire, appear in Washington to complete the examination by taking the oral tests and the physical examination.

Candidates seeking designation for examination may obtain from the Department of State upon request forms of application for appointment. Applications and all correspondence relating thereto should be addressed to the Secretary of State, who will in due course notify by letter such applicants as may be designated for examination. The letter of designation furnishes all information necessary as to date and places of the examination, and it is the practice to send out such letters two months prior to the date set for the examination. No designation will be made within the 40 days immediately preceding the date set for the holding of the written portion of an examination.

In accordance with civil service principles, the names of those candidates who are successful in the examination are placed on the list of persons eligible for appointment as Foreign Service officers in the order of the ratings attained in the examination. Appointments to the service are made from this list beginning with the candidate who has the highest rating regardless of the date on which his eligibility was established.

The period of eligibility is two years, and unless the candidates are appointed or request the withdrawal of their names from the eligible list within that time, their names are dropped from the list. Such candidates can not again become eligible for appointment except upon new application, designation, and examination.

All applications, whether for designation for examination or for appointment to a clerkship, must be filled out completely in the handwriting of the applicant, and accompanied by five indorsements in the form of letters from competent and responsible persons, attesting the moral character, integrity, good deportment, and ability of the applicant, his business experience, and his qualifications as set forth in the application. The originals of all indorsements listed in the application must be filed therewith; copies are not acceptable. Indorsements remain a part of the Government records and may not be withdrawn while a person remains an applicant or while he is an officer or employee of the Department of State.

Applications should also be accompanied by a birth certificate and an unmounted photograph of the applicant, plainly marked with his name and the approximate date when the photograph was taken.

Applicants for appointment in their correspondence with the Department should always sign their names as given in their applications, without enlargement or contraction, one given name at least being used.

An applicant should be particularly careful to give his legal residence correctly.. The Department of State does not undertake to determine an applicant's legal residence.

Applicants are required to state if they have had, or still have, outstanding financial obligations, an if so the nature and extent thereof.

An application is considered as pending for a period of two years. After such period has elapsed another application with new indorsements will be necessary to obtain further consideration.

Under the law and regulations, Foreign Service examinations are open to any American citizen between the ages of 21 and 35 years who from the application presented would appear to possess sufficient education for the service, and who may be designated therefor.

There are about 450 posts in the two branches of the Foreign Service, presenting many peculiar climatic, social, and racial conditions. Candidates can not be certified as eligible to serve at a few posts only, but must be chosen from the standpoint of their availability for at least a majority of the posts. Officers must expect assignment to tropical and unhealthful posts as well as to posts where healthful climatic conditions prevail.

Many colleges and universities furnish courses covering the subjects of Foreign Service examinations.

The Government does not recommend any particular institutions, does not furnish a course of study in any educational institution, nor suggest a list of books to be studied in preparation for examination.

It is suggested that prospective candidates correspond with respect to courses with any institution they might wish to attend; and that persons teaching the subjects embraced in the examination are prepared to suggest the best textbooks.

The Foreign Service School, established by the Executive order of June 7, 1924, is for the instruction of persons who have passed the prescribed examinations and have been appointed Foreign Service officers, unclassified grade. Candidates preparing for examination are not admitted to the Foreign Service School.

The Department does not furnish information regarding vacancies or possible vacancies in the Foreign Service.

The attention of applicants for examination is called to the following Executive order of January 13, 1920:

## EXECUTIVE ORDER OF JANUARY 13, 1920

The Executive order of October 13, 1905, as amended on May 17, 1919, is hereby amended to read as follows:

No officer or employee of the Government shall, directly or indirectly, instruct or be concerned in any manner in the instruction of any person or classes of persons, with a view to their special preparation for the examinations of the United States Civil Service Commission. The fact that any officer or employee is found so engaged shall be considered sufficient cause for his removal from the service: *Provided*, That this order shall not be so construed as to prevent the Federal Board for Vocational Education, the Medical Departments of the Army and Navy, and any other branches of the Government from utilizing the Government facilities and the services of Federal officers and employees where such facilities or services may be necessary or useful in carrying out the duties imposed upon such departments or branches by law, in the training and testing of disabled soldiers, sailors, and marines.

WOODROW WILSON

THE WHITE HOUSE,  
13 January, 1920.

This order has since been amended to extend to Government establishments generally the exemption heretofore made in the case of the Federal Board of Vocational Education.

## CLERKS

Clerks are employed in the Foreign Service, and receive initial compensation from \$1,500 to \$2,000 a year. Compensation begins upon the date of departure for the post to which they are assigned. Transportation expenses are paid by the Government, under certain regulations.

Appointees are expected to remain in the service for at least two years, and their transportation expenses in returning to the United States in case of resignation are not payable unless they have served for that period. They are, furthermore, expected to accept such assignments or transfers as the Department may deem desirable in the best interests of the service. No appointments can be considered for special countries, although a statement as to preferences of assignment is welcomed by the Department.

Such appointments are restricted to those who are unmarried and without dependents, as it is seldom found practicable to pay compensation in an amount sufficiently large to justify the appointment of married men, nor is the appropriation for transportation sufficient to permit the payment of transportation of wives and families of clerks in the Foreign Service.

The employment of citizens or subjects of foreign powers as clerks in the diplomatic branch of the Foreign Service, and in the consular branch where the salary is \$1,000 per annum, or more, is prohibited by law. Therefore, only American citizens are employed as clerks at diplomatic posts, and in positions in consular offices, the salaries of which are \$1,000 or more. Preference is given to honorably discharged soldiers and sailors who possess the requisite qualifications.

Women are equally eligible with men for clerkships in the Foreign Service. However, the climatic and social conditions at many posts render it impossible for women to serve at them with satisfaction to themselves and advantage to the Government.

The duties of clerks consist of such routine work as may be assigned to them by the officers in charge. An idea of the scope of these duties may be gained from a perusal of the functions of secretaries and consular officers which are enumerated elsewhere in this publication. It is desirable that clerks should be stenographers and possess a knowledge of the language of the country in which they are to be employed.

It is the practice of the Department to commission clerks as vice consuls only when a need exists at the office to which they are assigned, and not until they have served for a sufficient period to judge of their abilities and conduct and that they merit such recognition. Clerks commissioned as vice consuls not of career are not eligible to promotion to the grade of Foreign Service officer without undergoing the usual examinations. A commission as vice consul not of career does not carry with it an increase in compensation.

No formal examination is required for appointment to a clerkship; the Department, however, reserves the right to examine an applicant in any particular it may deem advisable.

No one who is under 21 or over 35 years of age or who is not in excellent physical condition will be considered for these positions. The Department may require the applicant to undergo a physical examination.

Application blanks for clerical appointments may be obtained from the Division of Foreign Service Personnel, Department of State. For further information regarding applications for such appointments, see page 292.

#### ADDITIONAL INFORMATION

*Fees.*—Foreign Service officers are required to account for all fees which they collect, and the salary fixed by law or regulation constitutes their sole and only compensation, except as specially provided in the case of consular agents who are compensated by one-half of the fees collected by them not exceeding, in any case, \$1,000 a year.

*Leave of absence.*—Within his discretion, the Secretary of State may grant Foreign Service officers leave of absence, for reasonable periods, in no case to exceed 60 days in one year, except that, when leave is granted with permission to visit the United States, the time actually and necessarily occupied in transit by the most direct route will be approved in addition to the 60 days.

*Traveling expenses.*—Under regulations prescribed by the Secretary of State, the Government defrays the actual and necessary expenses of transportation, and subsistence to a legal limit, of Foreign Service officers and clerks in missions and consulates, and their families and effects, in going to and returning from their posts or when traveling under orders, but makes no allowance for any expense incurred in connection with ordinary leaves of absence. Section 15 of the act of May 24, 1924, authorizes the Secretary of State to order officers to the United States on leave at the expense of the Government after three years of continuous service abroad, and provides that while in the United States the services of such officers shall be available for trade conference work or for such duties in the Department of State as the Secretary may prescribe.

*Efficiency records.*—A Foreign Service officer's work is the object of constant appraisal by the Department of State. Detailed records of each officer's service are maintained covering the personal and official conduct of the officer, the manner in which he handles business intrusted to him, and his demonstrated knowledge of the laws and regulations upon which the practice of the Foreign Service, as applied to the varied aspects of the diplomatic and consular function, is based. All diplomatic and consular posts are visited at intervals by inspecting officers whose duty it is to examine into the conduct of the personnel, the administration of the office, and the responsiveness of office and personnel to the needs of the Government, to give counsel and advice to the officer, and to report completely their findings to the Department.

*Retirement.*—Section 18 of the act of May 24, 1924, provides for a system of retirement and disability annuities to be paid any Foreign Service officer who has reached the age of 65 years and rendered at least 15 years of service; or who has, before reaching the age of retirement, become totally disabled for useful and efficient service by reason of disease or injury not due to vicious habits, intemperance, or wilful misconduct on his part. The annuities are based on percentages of the average annual basic salary for the 10 years next preceding the date of retirement. These percentages depend upon the length of service, and, commencing at 30 per cent of the average annual basic salary for the minimum service of from 15 to 18 years, rise by increments of 6 per cent for every additional three-year period served. The maximum is 60 per cent for 30 or more years' service. The cost of retirement is borne in about equal shares by the officers and the Government—each officer contributing 5 per cent of his basic salary which is credited to him with 4 per cent interest per annum compounded annually. In case an annuitant dies before having received in annuities an amount equal to the total amount of his contributions, or an officer dies without having reached the retirement age, either the balance, or total, of his accumulated contributions are paid to his legal representatives. The same is done when an officer becomes separated from the service, but in this case only 75 per cent without interest is returned.

#### REORGANIZATION OF THE FOREIGN SERVICE

The act of May 24, 1924, provides for the reorganization and improvement of the Foreign Service, for the purpose of securing benefits of economy and efficiency through a system of combined administration, and a more effective coordination of the political and economic branches of the service.

The principal advantages in the reorganization are (1) the amalgamation of the Diplomatic and Consular branches into a single Foreign Service on an interchangeable basis; (2) the adoption of a new and uniform salary scale applicable equally to officers in the Diplomatic and Consular branches, thus making unification and interchangeability possible; (3) the authorization of representation allowances, when necessary; (4) the establishment of a retirement act.

#### EXECUTIVE ORDER OF SEPTEMBER 11, 1929

Whereas, under the provisions of the Act of May 24, 1924, the President is authorized to prescribe certain rules and regulations for administering the Foreign Service on an interchangeable basis,

Now, therefore, the President in the exercise of the powers conferred upon him by the Constitution and laws of the United States, makes the following regulations:

1. Vacancies in all classes from 1 to 9 shall be filled by promotion from lower classes, based upon ability and efficiency as shown in the service.

2. All admissions to the service shall be to the grade of Foreign Service Officer, unclassified.

3. Officers and employees, after five years of continuous service in the Department of State, are eligible for appointment by transfer to any class in the Foreign Service upon the recommendation of the Foreign Service Personnel Board and with the approval of the Secretary of State as hereinafter provided.

#### THE FOREIGN SERVICE PERSONNEL BOARD

4. There is hereby constituted a Foreign Service Personnel Board composed as follows:

Three Assistant Secretaries of State to be designated by the Secretary of State, one of whom shall be designated as Chairman.

5. It shall be the duty of the Board:

(a) From time to time as vacancies arise, to submit to the Secretary of State lists of those Foreign Service Officers whose records of efficiency entitle them to advancement in the Service, and who are therefore recommended for promotion, and the names of those officers and employees in the Department of State who, after five years of continuous service, and because of special ability and merit are recommended for appointment by transfer to the position of Foreign Service Officer.

(b) To submit to the Secretary of State the names of those Foreign Service Officers who, in the opinion of the Board, have demonstrated special capacity for promotion to the grade of Minister. Each list thus submitted shall enumerate the names of the officers in the order of merit and shall be complete in itself, superseding all previous lists. A list shall be submitted to the Secretary of State whenever there is a vacancy in the grade of Minister or when requested by the President or the Secretary of State and in no case shall it contain more names than there are vacancies to fill. Each such list, if approved by the Secretary of State, shall be submitted to the President.

(c) To submit to the Secretary of State the names of those Foreign Service officers who are recommended for designation as counselors of embassy or legation.

(d) To recommend to the Secretary of State the assignment of Foreign Service Officers to posts and the transfer of such officers from one branch of the Service to the other according to the needs of the Service.

(e) To consider controversies and delinquencies among the Service personnel and recommend to the Secretary appropriate disciplinary measures where required.

6. Whenever it is determined that the efficiency rating of an officer is poor and below the required standard for the Service, the Personnel Board shall so notify the officer, and if after due notification the rating of such officer continues nevertheless to be unsatisfactory, his name shall be reported to the Secretary of State with a full recital of the circumstances and a recommendation of the Board for separation from the Service.

Whenever such recommendation for separation from the Service is made, the Board shall at the same time notify the officer of the action taken.

7. The members of the Board, individually and collectively, shall have authority to examine all records and data relating to the personnel of the Service.

8. All action taken by the Board shall be strictly non-partisan, and based exclusively upon the record of efficiency of the officers concerned.

9. The proceedings of the Board shall be strictly confidential, but the Chairman may, and it is hereby made a part of his duty, within a reasonable time prior to each meeting of the Board for recommending promotions, demotions, or removals, to invite the Chairman of the Senate Committee on Foreign Relations and the Chairman of the House Committee on Foreign Affairs or some committee member designated by the Chairman, to sit with the Board through its deliberations without, however, participating in its decisions.

#### DIVISION OF FOREIGN SERVICE PERSONNEL

10. There shall be in the Department of State a Division of Foreign Service Personnel to which shall be attached not more than three Personnel Officers, at least one of whom shall be a Foreign Service Officer of high rank, to be chosen by the Secretary of State upon the recommendation of the Personnel Board. The duties of the Division not inconsistent herewith shall be prescribed by the Secretary of State.

#### THE BOARD OF EXAMINERS

11. There is hereby constituted a Board of Examiners composed of the following members, to wit: Three Assistant Secretaries of State to be designated by the Secretary of State, one of the Personnel Officers attached to the Division of Foreign Service Personnel, and the Chief Examiner of the Civil Service Commission or such person as may be designated by him to serve in his stead. The Assistant Secretaries of State may, when necessary, designate other persons to serve for them on the Board.

12. It shall be the duty of the Board of Examiners to formulate rules for and hold examinations of applicants for commission to the Foreign Service and to determine from among the persons designated by the President for examination those who are fitted for appointment.

13. The scope and method of the examinations shall be determined by the Board of Examiners, but among the subjects shall be included the following: at least one modern language other than English (French, Spanish, or German by preference), elements of international law, geography,

the natural, industrial, and commercial resources and the commerce of the United States; American history, government and institutions; the history since 1850 of Europe, Latin America and the Far East; elements of political economy, commercial and maritime law.

14. The examinations shall be both written and oral.

15. Examinations shall be rated on a scale of 100, and no person rated at less than 80 shall be eligible for certification.

16. No one shall be certified as eligible who is under twenty-one or over thirty-five years of age, or who is not a citizen of the United States, or who is not of good character and habits and physically, mentally, and temperamentally qualified for the proper performance of the duties of the Foreign Service, or who has not been specially designated by the President for appointment subject to examination and to the occurrence of an appropriate vacancy.

17. Upon the conclusion of the examinations, the names of the candidates who shall have attained upon the whole examination the required rating will be certified by the Board to the Secretary of State as eligible for appointment.

18. The names of candidates will remain on the eligible list for two years, except in the case of such candidates as shall within that period be appointed or shall withdraw their names. Names which have been on the eligible list for two years will be dropped therefrom and the candidates concerned will not again be eligible for appointment unless upon fresh application, designation anew for examination, and the successful passing of such examination.

19. Applicants for appointment who are designated to take an examination and who fail to report therefor, shall not be entitled to take a subsequent examination unless they shall have been specifically designated to take such subsequent examination.

20. In designations for appointment subject to examination and in appointments after examination, due regard will be had to the principle that as between candidates of equal merit, appointments should be made so as to tend to secure proportional representation of all the States and Territories in the foreign service; and neither in the designation for examination nor certification nor appointment after examination will the political affiliations of the candidates be considered.

21. The Board of Examiners is authorized to issue such notices and to make all such rules as it may deem necessary to accomplish the object of this regulation.

22. New appointments to the Service shall be to the grade of Foreign Service Officer, unclassified, and no promotions to a higher grade shall be made except on the recommendation of the Foreign Service Personnel Board, with the approval of the Secretary of State, after the completion of one full term of instruction, or the equivalent thereof in the Foreign Service School hereinafter established.

#### THE FOREIGN SERVICE SCHOOL

23. There is hereby established in the Department of State a Foreign Service School for the instruction of new appointees.

24. The Foreign Service School shall be under the direction of a Foreign Service School Board composed of the following members, to wit: Three Assistant Secretaries of State to be designated by the Secretary of State, one of the Personnel Officers attached to the Division of Foreign Service Personnel, and the Chief Instructor of the Foreign Service School. The School Board will act in all matters with the approval of the Secretary of State.

25. The Chief Instructor shall be selected by the other members of the School Board from among the officers of the Foreign Service, with the approval of the Secretary of State.

26. Other instructors shall be selected from among the qualified officers of the Department of State, the Foreign Service, the other executive departments of the Government, and other available sources in the discretion of the School Board.

27. The term of instruction in the Foreign Service School shall be considered a period of probation during which the new appointees are to be judged as to their qualifications for advancement and assignment to duty. At the end of the term, recommendations shall be made to the Secretary of State by the Personnel Board for the dismissal of any who may have failed to meet the required standard of the Service.

28. The Secretary of State is authorized to prescribe rules and regulations for the governance of the Foreign Service School.

#### AUTHORITY OF THE SECRETARY OF STATE

29. The Secretary of State is authorized to prescribe rules and regulations not inconsistent herewith for the administration of the Foreign Service.

#### REPEAL

30. The Executive Orders of June 7, 1924, and February 25, 1928, are hereby revoked.

#### DATE ON WHICH FOREGOING REGULATION SHALL BECOME EFFECTIVE

31. This order shall take effect on September 16, 1929.

## REGULATIONS REGARDING COOPERATION OF UNITED STATES REPRESENTATIVES ABROAD

EXECUTIVE ORDER OF APRIL 4, 1924

The following regulations are hereby prescribed for the guidance of the representatives of the Government of the United States in foreign countries with a view to giving unified direction to their activities in behalf of the promotion and protection of the commercial and other interests of the United States, insuring effective cooperation, and encouraging economy in administration.

Whenever representatives of the Department of State and other departments of the Government of the United States are stationed in the same city in a foreign country they will meet in conference at least fortnightly under such arrangements as may be made by the chief diplomatic officer or, at posts where there is no diplomatic officer, by the ranking consular or other officer.

It shall be the purpose of such conferences to secure a free interchange of all information bearing upon the promotion and protection of American interests.

It shall be the duty of all officers to furnish in the most expeditious manner, without further reference, all economic and trade information requested by the ranking officers in the service of other departments of the Government assigned to the same territory: *Provided*, That where such compliance would be incompatible with the public interest or where the collection of such information requires research of such exhaustive character that the question of interference with regular duties arises, decision as to compliance shall be referred to the chief diplomatic officer or to his designated representative or, in the absence of such officers, to the supervising consular officer in the said jurisdiction. All failures to provide information requested as hereinbefore set forth shall be reported immediately by cable to the departments having jurisdiction over the officers concerned.

With a view to eliminating unnecessary duplication of work, officers in the same jurisdiction shall exchange at least fortnightly a complete inventory of all economic and trade reports in preparation or in contemplation.

Copies of all economic and trade reports prepared by consular or other foreign representatives shall be filed in the appropriate embassy or legation of the United States or, where no such office exists, in the consulate general and shall be available to the ranking foreign representatives of all departments of the Government. Extra copies shall be supplied upon request by the officer making the report.

The customary channel of communication between consular officers and officers of other departments in the foreign field shall be through the supervising consul general but in urgent cases or those involving minor transactions such communications may be made direct: *Provided*, That copies of all written communications thereof are simultaneously furnished to the consul general for his information. It shall be the duty of supervising consuls general to expedite intercommunication and exchange of material between the consular service and all other foreign representatives of the United States.

Upon the arrival of a representative of any department of the Government of the United States in any foreign territory in which there is an embassy, legation or consulate general, for the purpose of special investigation, he shall at once notify the head of the diplomatic mission of his arrival and the purpose of his visit and it shall be the duty of said officer or of his designated representative, or in the absence of such officer, then the supervising consular officer, to notify, when not incompatible with the public interest, all other representatives of the Government of the United States in that territory of the arrival and the purpose of the visit, and to take such steps as may be appropriate to assist in the accomplishment of the object of the visit without needless duplication of work.

In all cases of collaboration, or where material supplied by one officer is utilized by another, full credit therefor shall be given.

CALVIN COOLIDGE

THE WHITE HOUSE,

## EXAMINATIONS FOR THE FOREIGN SERVICE

REGULATIONS PROMULGATED BY THE BOARD OF EXAMINERS, DECEMBER 15, 1924

The board of examiners for the Foreign Service, in the discharge of the duty intrusted to it by the order of the President dated June 7, 1924, of formulating rules for and determining the scope and method of examinations of applicants for admission to the Foreign Service, prescribes the following regulations:

1. *Examinations for unclassified grade only.*—Examinations will be for the grade of Foreign Service officer unclassified, with the understanding that successful candidates will be assigned to the diplomatic or consular branch of the Foreign Service according to the needs of the service and the special qualifications of the candidates.

2. *Time of examinations.*<sup>1</sup>—Examinations will usually be held once each year, upon dates to be publicly announced through the press. All persons designated for examination will be notified in writing in advance of the examination. Examinations for particular candidates on dates other than those on which the regular examinations occur will not be held except as provided in section 3.

3. *Place of examination.*<sup>2</sup>—All examinations will be held in Washington or at other places specified in the letter of notification. Candidates for examination who are employed in diplomatic missions or consular offices abroad in clerical positions, may be permitted to take the written examination at their posts of duty upon a regular examination date specified by the board, and the oral examination<sup>3</sup> upon the occasion of their presence in Washington before or after the date of taking the written examination.

4. *Scope of examination.*—The examination will be in two parts, one written and the other oral, each part counting equally. The written examination will include the subjects prescribed by the President, to wit: Modern languages (French, Spanish, or German is required, and a candidate may offer, in the oral test, in addition to one of these any languages with which he may be familiar); elements of international, commercial, and maritime law; political and commercial geography; the natural, industrial, and commercial resources and commerce of the United States with especial relation to the possibilities of trade expansion and protection; American history, government, and institutions; the history since 1850 of Europe, Latin America, and the Far East, with particular attention to political and economic tendencies; and the elements of political economy. Candidates will be examined in arithmetic as used in commercial statistics, tariff calculations, exchange and simple accounting, and they will be rated in English, composition, grammar, punctuation, spelling, and penmanship as shown by their replies to questions in the written examination.

The oral examination will be designed to ascertain the physical, mental, and temperamental qualifications of candidates for the proper performance of the duties of the Foreign Service; their character, ability, address, judgment, and fitness, general education and culture, and contemporary information, experience and business ability. In this part of the examination the applications previously filed, together with all other available information concerning the candidates, will be utilized in ascertaining the pertinent facts.

5. *Method of examination.*—The written examination will be conducted for the board by the Civil Service Commission and will usually occupy two days. The oral examination will be conducted by the board after the candidates shall have completed the written examination. The physical fitness of the candidates will be determined by Government surgeons in Washington or elsewhere acting in an advisory capacity to the board of examiners, in accordance with the standards prescribed by the Board.

6. *Ratings.*—Examinations will be rated on a scale of 100 and no person rated at less than 80 shall be eligible for certification.

7. *Certification.*—The names of candidates who shall have attained upon the whole examination the required rating of 80 will be certified by the board to the Secretary of State in the order of their standing in the examination as eligible for appointment. No one will be certified as eligible who

is not a citizen of the United States specially designated by the President for appointment subject to examination and who has not reached the age of 21 or who has already reached the age of 35.<sup>1</sup>

8. *Results of examinations.*—The results of the examinations will be made known to candidates as soon as the report of the board shall have been submitted to the Secretary of State, and they will be informed of the rating in each subject and the average in the written examination, the total rating in the oral examination, which includes the physical examination, and the rating on the whole examination. No information in regard to the details of the oral examination will be made public.

9. *Duration of eligibility.*—The names of eligible candidates who have not been appointed or whose names have not been withdrawn by the candidates will remain upon the eligible list for two years from the date of certification, when they will be dropped therefrom and the candidates will not again be eligible for appointment except upon a new application, designation, and examination.

10. *Failure to report.*—Candidates who fail to report for the examination for which they have been duly designated may not be admitted to a subsequent examination unless specifically designated to take the subsequent examination.

11. *Political affiliations not considered.*—The political and religious affiliations of candidates will not be considered either in examinations or certifications.

12. *Expenses of candidates.*—The traveling and other personal expenses of candidates in connection with the taking of examinations are not borne by the Government.
